

4.3 MW “WARTSILA” make D G Set Details (12V32LN)

Specification:

Number: 1 set

Specification	12V32LN
Make	Wartsila
Type	12V32LN
Engine No	8421
Spec No	173256
RPM	750
KW	4346
R/s	12.5
Year of Manufacturing	12/1997
Running Hours	65000 hrs approx
Condition	On Foundation

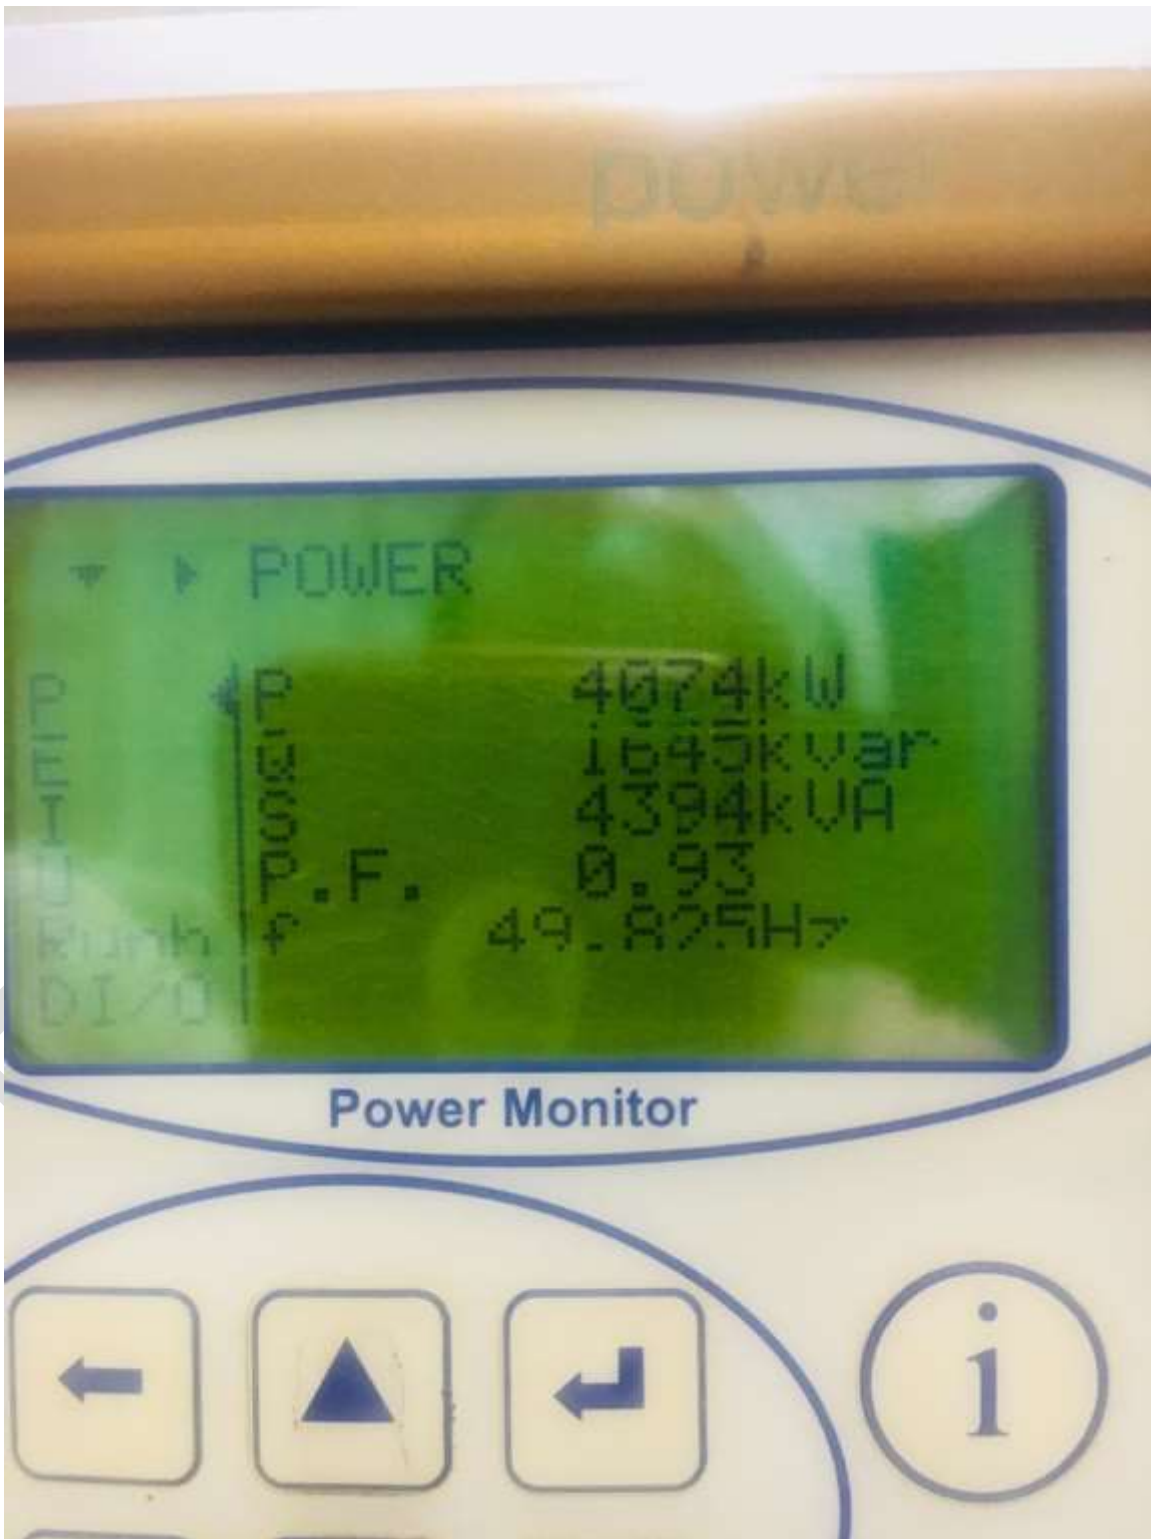

Scope of Supply

- Engine coupled with alternator
- Control panel
- Connected with all pipelines
- Lube oil separator
- Fuel oil separator
- Unloading loading pumps
- Cooling tower
- Engine Auxiliaries panels
- From engine to alternator cables
- Tools and tackles manuals
- Heat Exchanger (PHE UNIT)
- Air charger filter
- Booster unit
- Air compressors
- Air Receiver
- Complete auxiliary for smooth running of the plant
- Air intake filter
- Air intake silencers
- Exhaust silencers
- LV panels complete
- Incomer Breakers
- NGR panel
- Battery chargers
